The meeting was called to order at 6:02 p.m.

Adoption of Agenda

Mayor Pro Tem Graham Reiney motioned to adopt the meeting agenda. Commissioner Lyda Steadman seconded the motion. The motion was APPROVED unanimously.

Auditing Services Proposal Review

The Board discussed the Auditing Services proposal from Mauldin and Jenkins, LLC. Assistant City Manager Shannon Powell provided an overview of the firm's 3-year and 5-year quotes, noting the 3-year option starts at \$200,000 and increases \$3,000 annually, while the 5-year option starts at \$205,000 and increases \$2,000 annually. A single audit will be required due to federal funding for the Complete Streets project, adding \$8,500 for next year, with the possibility of additional years depending on federal expenditures. Commissioners Lyda Steadman expressed support for Mauldin and Jenkins, citing their strong reputation, positive past performance, and extensive experience with other municipalities. Commissioner Graham indicated a preference for the 5-year term, noting it would save \$21,000, and the other commissioners agreed, emphasizing the firm's quality work and the long-term savings. No formal action was taken at this meeting, and the Board plans to vote on the contract at the next meeting on January 28th.

Review of an Ordinance Establishing a Franchise Agreement with Google Fiber

The Board reviewed an ordinance establishing a franchise agreement with Google Fiber. Assistant City Manager Powell explained that the agreement would allow Google Fiber to use city rights-of-way to install infrastructure, with the company compensating the city through a franchise fee based on a percentage of revenue from residents. The agreement includes requirements for Google Fiber to obtain permits for any work that disturbs the right-of-way, provide notice to the city, and indemnify the city for any damages or personal injuries resulting from their work. Commissioners asked several questions, including whether the agreement addresses potential damage to existing infrastructure,

WORK SESSION

such as AT&T fiber, and the placement of underground boxes or other installations. Assistant City Manager Powell confirmed the franchisee is responsible for repairing any damaged public or private property to its original condition and will provide plans for all work. Commissioners also discussed the history of Google Fiber in the city, noting previous attempts and clarifying this is a new agreement unrelated to past efforts. The Board emphasized the importance of maintaining the appearance and safety of public spaces while allowing new utility options for residents. No action was taken at this time; the first read is scheduled on January 28th.

Review of an Agreement with Groundtech LLC for Debris Cleanup at Lake Avondale

The Board reviewed the proposed agreement with Ground Tech for debris cleanup and minor restoration at Lake Avondale. Assistant City Manager Powell explained the work includes removing accumulated debris near the dam and adjacent community areas, stabilizing the banks, and hauling debris and silt to a designated compost site at Berkeley extension. The contract was awarded following three bids, with a proposed cost of \$29,873. Commissioners inquired about environmental impacts, permit requirements, liability for potential damage to the lake area, and the scope of work near the bridge, which is not included in this phase. Clarification was provided that the cleanup is performed in sections, overseen by professionals, and any damage to grass or property would be the contractor's responsibility. Commissioners also discussed the contract's provisions for termination, noting that if the city ends the contract before completion, the contractor would be reimbursed for actual costs plus 20% for profit and overhead. Questions were raised regarding excavation depth, containment of debris, and silt fencing at the compost site. It was confirmed the work is limited to scraping surface debris from the bank, not deep silt removal. No vote was taken at this meeting; the contract will be considered for approval at the next meeting on January 28th.

Review of Georgia Fund 1 Account Setup Authorization

The Board reviewed the authorization to set up new Georgia Fund 1 accounts for the city's TAD and SPLOST 2 funds. Finance Director Brittany Marmol explained that while the city already maintains Georgia Fund 1 accounts for the general and capital funds, these specific funds must remain completely separate by law, requiring the creation of additional accounts. The new accounts will hold the TAD and SPLOST 2 monies independently and appear on their own balance sheets. Commissioners asked clarifying questions regarding whether these accounts are separate or subsets of existing accounts and how funds would be transferred. Brittany confirmed that funds currently in the city's bank accounts would be moved into the newly created Georgia Fund 1 accounts. No objections were raised, and the Board agreed to proceed with the setup.

BETWEEN THE CITY OF AVONDALE ESTATES,

FOR THE INSTALLATION OF NETWORK FACILITIES IN
THE CITY PUBLIC RIGHT-OF-WAY**

This Franchise Agreement ("**Agreement**") is by and between the **CITY OF AVONDALE ESTATES**, a municipal corporation of the State of Georgia ("**City**"), and **GOOGLE FIBER GEORGIA, LLC**, a Georgia limited liability company and its subsidiaries, successors, or assigns ("**Franchisee**") and is effective as of the Effective Date, as determined in accordance with Section 10 below.

- B.** Franchisee desires, and City desires to permit Franchisee, to install, maintain, operate, and control a fiber optic infrastructure network in Public ROW ("Network") for the purpose of offering communications services ("Services"), including broadband Internet access service as defined in 47 C.F.R. § 8.1(b) ("Broadband Internet Services") and Voice over Internet Protocol services, but excluding multichannel video programming services that would be subject to a video services franchise and telecommunications services as defined in 47 C.F.R. § 153(53), to residents and businesses in City ("Customers").
- C.** The Network may consist of equipment and facilities that may include aerial or underground fiber optic cables, lines, wires, or strands; underground conduits, vaults, access manholes and handholes; electronic equipment; power generators; batteries; pedestals; boxes; cabinets; vaults; and other similar facilities ("Network Facilities").

AGREEMENT

In consideration of the mutual promises made below, City and Franchisee agree as follows:

1. Permission to Encroach and Occupy.

- 1.1. Permission to Encroach on and Occupy Public ROW. Upon the occurrence of the events set forth herein and subject to the conditions set forth in this Agreement, City grants Franchisee permission to encroach on and occupy the Public ROW (the "**Franchise**") for the purpose of constructing, installing, repairing, maintaining, operating, and if necessary, removing the FTTP Network and the related Network Facilities (the "**Work**") in order to offer Services to residents and businesses in City. This Agreement and the Franchise do not authorize Franchisee to use any City or

other public property other than the Public ROW as defined herein. Franchisee's use of any other City or other public property, including without limitation poles and conduits, buildings, parks, grounds, lots, and parcels, will be governed under one or more separate agreements regarding those properties.

- 1.2. Subject to State and Local Law. This Agreement and the Franchise are subject to City's valid authority under State and local laws as they exist now or may be amended from time-to-time, and subject to the conditions set forth in this Agreement. Franchisee shall at all times comply with the city's code of ordinances ("City Code"), as may be amended from time-to-time.
- 1.3. Subject to City's Right to Use Public ROW. This Agreement and the Franchise are subject and subordinate to City's prior and continuing right to use the Public ROW, including, but not limited to, constructing, installing, operating, maintaining, repairing, or removing sewers, water pipes, storm drains, gas pipes, utility poles, overhead and underground electric lines and related facilities, and other public utility and municipal uses.
- 1.4. Subject to Pre-Existing Property Interests. City's grant of the Franchise is subject to all valid pre-existing easements, restrictions, conditions, covenants, encumbrances, claims of title or other property interests that may affect the Public ROW. Franchisee will obtain at its own cost and expense any permission or rights as may be necessary to accommodate such pre-existing property interests.
- 1.5. No Grant of Property Interest. The Franchise does not grant or convey any property interest.
- 1.6. Non-Exclusive. This Franchise is not exclusive. City expressly reserves the right to grant franchises, permits, privileges or other rights, if necessary under applicable law, to any other individual, corporation, partnership, limited liability company, trust, joint stock company, business trust, unincorporated association, joint venture, governmental authority or other entity of any nature whatsoever ("**Person**"), as well as the right in its own name as a municipality to use Public ROW for purposes similar to or different from those allowed Franchisee under this Agreement.
- 1.7. No Waiver of Police Power. Neither this Agreement nor the Franchise shall be construed to waive or otherwise restrict the City's lawful exercise of its police power.

2. Franchisee's Obligations.

- 2.1. Individual Permits Required. Franchisee will obtain City's prior approval of required individual encroachment, construction, and other necessary permits as may be required by state law or City Code before placing, replacing, repairing, or altering its Network Facilities in the Public ROW. Franchisee will provide to City any information lawfully required by City. Franchisee will pay all lawful processing, field marking, engineering, and inspection fees before City issues individual permits.

EXECUTION VERSION

- 2.2. Franchisee's Sole Cost and Expense. Franchisee will perform the Work at its sole cost and expense.
- 2.3. Compliance with Laws. Franchisee will comply with all applicable laws and regulations, including the City Code, when performing the Work.
- 2.4. Undergrounding. Franchisee will install or relocate its FTTP Network underground in those areas and portions of City where all transmission and distribution facilities of the public utilities providing electric and communications services are required by City Code, ordinance, or regulation to be placed underground. In those areas where any third-party electricity or communications transmission or distribution facilities remain above ground, Franchisee may install or keep and retain its Network Facilities above ground until such third-party facilities are required to be moved underground.
- 2.5. Reasonable Care. Franchisee will exercise reasonable care when performing the Work and will use commonly accepted practices and equipment to minimize the risks of personal injury, property damage, soil erosion, and pollution of surface or groundwater. Franchisee shall comply with all applicable building, electric and other safety codes.
- 2.6. Non-Interference. Franchisee will place its Network Facilities in conformance with the permits, plans, and drawings approved by City. Franchisee will not place its Network Facilities where they will interfere with gas, electric, communications, water, sewer or other utility facilities or with vehicular or pedestrian traffic or sight lines.
- 2.7. No Nuisance. Franchisee will maintain its Network Facilities in good and safe condition so that its Network Facilities do not cause a public nuisance.
- 2.8. Repair. Franchisee will promptly, and within any times frames required by City Code or permitting requirements, repair any damage to the Public ROW, City property, or private property if such damage is caused by Franchisee's Work unless another Person is primarily responsible for the damage (e.g., where a Person other than Franchisee fails to accurately or timely locate its underground facilities as required by State law). Franchisee will repair the damaged property to a condition equal to or better than that which existed prior to the damage, or as otherwise required by the City Code.
- 2.9. Identification of Network Facilities. Franchisee will identify its Network Facilities using an identification method mutually agreed upon by the parties, or as established by standard industry practices and reasonably directed by City if the parties cannot mutually agree on an identification method. For underground facilities, the identification will be detectable without opening the street or sidewalk.
- 2.10. Cooperation in Joint Trench Opportunities. Franchisee will cooperate with City in identifying ways to minimize the amount of construction in the Public ROW through joint trenching, sharing duct banks, and cost sharing with City and third parties

EXECUTION VERSION

undertaking similar construction projects involving the installation of underground communications facilities. Franchisee's cooperation obligation is subject to any such proposed joint trenching, duct sharing, and cost sharing opportunities being sufficiently compatible with Franchisee's plans, as reasonably determined by the Franchisee. Without limiting the foregoing, (i) the cooperation opportunity would not be deemed sufficiently compatible with Franchisee's plan where the opportunity involves different areas of the Public ROW than Franchisee has permission to occupy under this Agreement, or would unreasonably delay or otherwise hinder Franchisee's construction plans, and (ii) Franchisee is not obligated to cooperate if Franchisee enters into a commercial cooperation agreement reasonably satisfactory to the Franchisee with respect to such joint trenching or other cooperation with City or the third-party, as applicable. Franchisee will make good faith efforts to enter into any such commercial cooperation agreement in connection with fulfilling the foregoing cooperation obligation.

- 2.11. As-Built Drawings and Maps. Franchisee will maintain accurate as-built drawings and maps of its Network Facilities located in City and will provide them to City upon request and on a mutually-agreed timetable (e.g., piecemeal following the closure of each permit, or all at once after all the Work is complete).

3. City's Obligations.

- 3.1. Emergency Removal or Relocation by City. In the event of a public emergency that creates an imminent threat to the health, safety, or property of City or its residents, City may remove or relocate the applicable portions of the Network Facilities without prior notice to Franchisee. City will, however, make best efforts to provide prior notice to Franchisee before making an emergency removal or relocation. In any event, City will promptly provide to Franchisee a written description of any emergency removals or relocations of Franchisee's Network Facilities. Franchisee will reimburse City for its actual, reasonable, and documented costs or expenses incurred for any such work performed by City, the cause of which was Franchisee's construction, installation, operation, maintenance, repair, or removal of its Network Facilities.
- 3.2. Removal of Abandoned Network Facilities. If Franchisee abandons any portions of its Network Facilities ("**Abandoned Network Facilities**"), Franchisee will notify City and will either remove the facilities at its own expense within a commercially reasonable period of time or may abandon some or all of the Abandoned Network Facilities in place if such facilities are underground or otherwise authorized to be abandoned in place by City Code or permit. Abandoned Network Facilities do not include Network Facilities intended for emergency use, redundant Network Facilities, or Network Facilities intended to meet future demand or capacity needs.
- 3.3. Relocation to Accommodate Governmental or Public Purposes. If Franchisee's then-existing Network Facilities would interfere with City's planned use of the Public ROW or other City property for a lawful governmental or other public purpose, such as, by way of example but not limitation, the construction of a new water or sewer line or the widening, straightening, or relocation of a public road or the construction

EXECUTION VERSION

of any public or civic improvement project, Franchisee will, upon written notice from City, relocate its Network Facilities at Franchisee's own expense to such other location or locations in the Public ROW as may be mutually agreed by the parties. Franchisee will relocate its Network Facilities within a commercially reasonable period of time agreed to by the parties, taking into account the urgency of the need for relocation, the difficulty of the relocation, and other relevant facts and circumstances, except that City may not require Franchisee to relocate or remove its Network Facilities with less than 180 days' notice, unless otherwise mutually agreed upon by the parties or necessitated by public safety or similarly exigent circumstances.

- 3.4. Relocation to Accommodate Third Parties. If Franchisee's then-existing Network Facilities would interfere with a third-party's planned commercial use of the Public ROW, the third party will be required to bear the cost of relocating Franchisee's existing Network Facilities. Unless otherwise required by law, Franchisee shall not be required to permanently relocate its facilities to accommodate a third party if doing so would materially and adversely affect Franchisee's ability to provide Services.
- 3.5. Non-Discrimination. To the extent permitted by and consistent with applicable law, the City will not unreasonably discriminate between Franchisee and other similarly situated non-incumbent facilities-based broadband internet access service providers with respect to its management of their use of the Public ROW.
- 3.6. Post-Removal Restoration of Public ROW. When removal or relocation is required under this Agreement, Franchisee will, after the removal or relocation of the Network Facilities, at its own cost (except to the extent subject to reimbursement pursuant to Section 3.4 hereof), repair and return the Public ROW in which the facilities were located to a safe and satisfactory condition in accordance with the construction related conditions and specifications as established by the City Code or permitting requirements. Before proceeding with removal or relocation work, Franchisee will apply for and obtain a street encroachment permit from the City.

4. Contractors and Subcontractors.

- 4.1. Use of Contractors and Subcontractors. Franchisee may retain contractors and subcontractors to perform the Work on Franchisee's behalf. Such contractors and subcontractors shall, at all times, comply with the terms of this Agreement and the City Code, and Franchisee shall at all times be responsible for the work of its contractors or subcontractors relating to the construction, maintenance or operation of the FTTP Network or the Network Facilities and for its contractors' or subcontractors' compliance or failure to comply with this Agreement or the City Code.
- 4.2. Contractors to be Licensed. Franchisee's contractors and subcontractors used for the Work will be properly licensed under applicable law.
- 4.3. Authorized Individuals. Franchisee's contractors and subcontractors may submit

EXECUTION VERSION

individual permit applications to City on Franchisee's behalf, so long as the permit applications are signed by individuals that Franchisee has authorized to act on its behalf via a letter of authorization provided to City in the form attached as **Exhibit A ("Authorized Individuals")**. City will accept permit applications under this Agreement submitted and signed by Authorized Individuals, and will treat those applications as if they had been submitted by Franchisee under this Agreement.

5. Franchise Fee. Franchisee will pay City a fee ("**Franchise Fee**") which will compensate City for Franchisee's use and occupancy of Public ROW pursuant to the Franchise. Franchisee and City acknowledge and agree that the Franchise Fee provides fair and reasonable compensation for Franchisee's use and occupancy of Public ROW as authorized. The Franchise Fee will begin accruing on the Effective Date and be calculated as follows:

5.1. **Franchise Fee.** Franchisee will pay City a Franchise Fee equal to two percent (2%) of Gross Revenues for a calendar quarter, remitted within forty-five (45) days of the end of each calendar quarter, commencing on the Effective Date. The payment will be accompanied by a report showing the basis for the computation and such other relevant facts as may be required by the City to determine the accuracy of the payment.

5.1.1. As used herein, "**Gross Revenues**" means all consideration of any kind or nature, including without limitation, cash, credits, property, and in-kind contributions (services or goods) derived by Franchisee from the provision of Broadband Services using the **FTTP** Network. Gross Revenues will include all consideration paid to Franchisee or its direct parent's subsidiaries, solely to the extent any such entity offers Broadband Services that are provided through Network Facilities located at least in part in Public ROW. Gross Revenues include but are not limited to:

- (i) all fees charged to end-user customers for Broadband Services provided through Network Facilities located at least in part in Public ROW; and
- (ii) any fee or cost imposed on Franchisee by this Agreement, whether or not Franchisee chooses to separately itemize the fee or cost on its bills to end-user customers (including without limitation the Franchise Fee set forth in this Agreement).

5.1.2. For the purposes of this section, Gross Revenues does not include:

- (i) any revenue not actually received, even if billed, such as bad debt;
- (ii) refunds, rebates, or discounts made to end-user customers, or City;
- (iii) revenue derived from the sale of Services for resale in which the purchaser is required to collect and remit similar fees to the City;

- (iv) revenue derived from the provision of Services to end-user customers where none of the Network Facilities, or any other facilities of Franchisee or any affiliate, that are used to provide such Services are located in Public ROW;
 - (v) any forgone revenue from Franchisee's provision of Services to customers at no charge if required by state law;
 - (vi) any revenue derived from advertising;
 - (vii) any revenue derived from rental of modems, or other equipment used to provide or facilitate the provision of the Services;
 - (viii) any revenue derived from referral or marketing agreements with third party providers of online services which Franchisee may make available to its customers;
 - (ix) any tax of general applicability imposed upon Franchisee's end-user customers (but not on Franchisee) by City or by any state, federal, or any other governmental entity, and required to be collected by Franchisee and remitted to the taxing entity (such as sales and use taxes and utility users taxes); the license fee imposed by Section 5.1.1 (ii) is not excluded from the calculation of Gross revenues;
 - (x) any forgone revenue from Franchisee's provision, in Franchisee's discretion, of free or reduced cost Services to any Person, including without limitation employees of Franchisee; provided, however, that any forgone revenue which Franchisee chooses not to receive in exchange for trades, barter, services, or other items of value will be included in Gross Revenues; and
 - (xi) sales of capital assets or sales of surplus equipment that is not used by the purchaser to receive Services from Franchisee.
- 5.2. Fee Itemization. Provided it does so in an accurate and non-misleading manner, Franchisee may itemize, as a separate line item on the regular bill of any subscriber whose Broadband Services are provided by Network Facilities located at least in part in Public ROW, the portion of the price of the Services that is attributable to Franchisee's recovery of revenues sufficient to pay the Franchise Fee.
- 5.3. Audit. - 5.4. Interest on Late Payments. Any payments that are due and payable under this Agreement that are not received within 30 days from the specified due date will be assessed interest at a rate of one (1) percent per month.
- 5.5. Change in Law. Notwithstanding anything to the contrary herein, in the event of a change in local, state, or federal law applicable to the City and this Agreement that (i) prohibits collection by any right-of-way franchising authority of any franchise fee from all providers of Services, or (ii) reduces the percentage of revenue on which the franchise fee paid by all providers of Services is based to a percentage that is lower than the revenue percentage set forth in Section 5.1 hereof, then Franchisee will have no obligation to pay the Franchise Fee, or to pay the Franchisee Fee based on such reduced revenue percentage, as the case may be. - 6.2. Notice of Claims. City will give prompt written notice to Franchisee of any Claim or threatened Claim no later than thirty (30) calendar days after City receives written notice of the action, suit, or proceeding. - 6.3. Defense. Franchisee will have the right at any time, by notice to City, to participate in or assume control of, the defense of the Claim with counsel of its choice, which counsel must be reasonably acceptable to City.  - 9.2. **Proof of Insurance.** All insurance certificates, endorsements, coverage verifications and other items required pursuant to this Agreement will be mailed directly to City's insurance compliance representative upon request of the City.
